Additional Information / Prior Funding History:

FY2000 - \$575,000 - lapsed due to age.

Project Description/Justification:

The Mat-Su River has eroded to approximately 40' bank at this location resulting in a significant sloughing off of material. The Glenn Highway is currently within a few feet of the eroded area and a spot repair solution is needed to project to integrity of the main road.

This project contributes to the Department's Mission by reducing injuries, fatalities and property damage and by improving the mobility of people and goods.
