Project Development:	0	0
Ongoing Operating:	50,000	0
One-Time Startup:	0	
Totals:	50,000	0

Additional Information / Prior Funding History:

None.

Project Description/Justification:

Extending the primary runway will allow for a greater margin of safety and will allow larger cargo aircraft to access the airport. Chevak is a potential USPS Postal hub for delivery and distribution of regional by-pass mail and the current runway does not meet minimum size requirements for cargo aircraft.

Maintenance and Operating costs will increase by approximately \$50,000 per year, beginning in 2014 due to the utility and personnel costs associated with this project.

This project contributes to the Department's Mission by reducing injuries, fatalities and property damage and by improving the mobility of people and goods.
