<b>Totals:</b>	<b>0</b>	<b>0</b>

**Additional Information / Prior Funding History:**

See deferred maintenance appropriation.

**Project Description/Justification:**

The Ketchikan Armory roof has reached the end of its life cycle. The roof will be replaced and additional insulation added. The helicopter landing area will be upgraded. Federal funding is available for the sustainment of the project, which includes re-leveling and other site preparations. General funds are needed to build a hard surface landing area using packed gravel, recycled asphalt (RAP), or asphalt. This will protect aircraft assets and provide safer aircraft operations. Priorities and cost estimates may need to be changed to accommodate emergency maintenance projects not listed, actual project costs, and other considerations.

<b>Project Titles</b>	<b>Federal Receipts</b>	<b>GF</b>	<b>G/F MATCH</b>	<b>Project Description</b>
Bldg 02B65-0001 – replace roof	\$400,000	\$0	\$400,000	Replace Armory roof at the end of its life cycle.
