Project Description/Justification:
Provide miscellaneous airfield, road, taxiway, seaplane base and building improvements. Typical projects include taxi and runway improvements and reconstruction, float slip repairs/reconstruction, road reconstruction, LHD office building work, fencing, utilities, lighting, security, and changed operating requirements, security requirements, and FAA requirements. Resolve minor deficiencies and solve problems created by unforeseen circumstances for both the Airport and users.

The airport receives \$1,000,000 in entitlements each year. Projects are needed on an annual basis and these funds need to be available to undertake those projects.

This project contributes to the Department's Mission by reducing injuries, fatalities and property damage and by improving the mobility of people and goods.
