Primary House District: 27 **Secondary House District(s):** 25, 28, 29

Primary Senate District: N **Secondary Senate District(s):** M, O

Project Description

Principal's Priority 1

Remodel the library to increase usable space, including a library lab. Currently the library's maximum capacity is 92 for a school of 1,800 students. We propose to remove 2 walls to add 245 square feet and increase student capacity. Increasing electrical, table technology and ether ports will expand the library's utility. Exchanging current furnishings for modular, industrial settings will increase workstations.

Benefits if Project is Funded

Create greater access to all the library's resources.

Project Description

Principal's Priority 2

Dimond High is requesting grant funding for an additional 60 computers and two mobile carts to house them in. These computers may include either desktop, laptop, or netbooks as allowed for on the ASD Approved Technology list. 5% of the total award will be dedicated to training and professional development associated with effectively integrating this equipment into the classroom environment.

Benefits if Project is Funded

Due to overcrowding two large spaces at Dimond have been reallocated to classroom space, resulting in the loss of computer labs. The two mobile labs will support the Response to Instruction testing in the areas of reading and math.
