Ongoing Operating:	19,000	0
One-Time Startup:	0	
Totals:	19,000	0

Additional Information / Prior Funding History:

None.

Project Description/Justification:

The existing structure is old and is past its usable lifespan. A new facility is needed to improve airport maintenance operations at this important regional airport.

Maintenance and Operating costs will increase by approximately \$19,000 per year, beginning in 2014 due to the utility and personnel costs associated with this project.

This project contributes to the Department's Mission by reducing injuries, fatalities and property damage and by improving the mobility of people and goods.
