Additional Information / Prior Funding History:

None.

Project Description/Justification:

This road is the only overland, all-weather link between the village and the airport. It is threatened by erosion and in poor condition. The Shageluk Airport Road was closed for a period of time in the spring of 2001 due to erosion from the Innoko River.

This project contributes to the Department's Mission by reducing injuries, fatalities and property damage and by improving the mobility of people and goods.
