**Additional Information / Prior Funding History:**

None.

**Project Description/Justification:**

The State Department of Transportation and Public Facilities, Alaska Railroad Corporation and Chugach State Park own or manage land or facilities along Turnagain Arm between Potter and Girdwood each with a separate mission and diverse functions. Past, present, and future improvement projects on the Seward Highway require, through a Memorandum of Agreement, conveyances of certain public property interests between the three entities. To facilitate the agreed upon conveyances a complete survey and corridor mapping is required.

This project contributes to the Department's Mission by reducing injuries, fatalities and property damage and by improving the mobility of people and goods.
