Project Title: Replace Cafeteria Tables

Amount of Funding Requested \$24,000.00

Total Funding to complete project \$24,000.00

Project Description

Principal's Priority

4

Replacement of twelve (12) folding cafeteria tables.

Cafeteria tables are a mainstay furniture item in all schools. These tables are large and heavy equipped with lift assist mechanisms and are designed to be portable. The current tables are old, worn and becoming unsafe. Maintenance is unable to make any additional repairs, and these tables will be discarded.

Benefits if Project is Funded

There are two types: those stores in and fold down from wall pockets; and those that can be rolled away for storage. When the working parts become misaligned and worn out from use the tables become difficult to fold and roll around. All schools and departments will be safe and supported. Replacing these tables meets this goal. Current tables are unsafe for operators to fold and unfold.

Impacts if Project is not Funded

The current tables are old, worn and unsafe. The pockets and locks are inoperable and create a hazard for the operator. Should we not replace these tables, there is a good chance an operator; student or staff member may become injured. Replacing this table removes a potential hazard.
