Project Description

Principal's Priority

1

Russian Jack Elementary School is requesting grant funding for an additional 28 interactive display devices. These devices may include SMART boards, Promethean boards, interactive projectors, or other interactive display technology as allowed for on the ASD approved technology list. 5% of the total award will be dedicated to training and professional development associated with effectively integrating this equipment into the classroom environment.

Benefits if Project is Funded

If this project is completed students will gain access to a variety of curriculum and opportunities to better prepare them for their future. With the increase of technology teachers can incorporate differentiated instruction to increase student learning and achievement. Students will also gain the ability to integration technology into all curriculum areas as well as advance their information literacy skills.

Impacts if Project is not Funded

of Students impacted by project 405
