Total Funding to complete project \$150,000.00

Primary House District: 27 **Secondary House District(s):**

Primary Senate District: N **Secondary Senate District(s):**

Project Description

Principal's Priority 3

Sand Lake Elementary and the surrounding community have maintained an ice rink for many years. The rink is used for classes by the school as well as the surrounding community. Community Schools and local community members built the rink collaboratively. The rink now needs to be renovated. This request, therefore, is for a grant to pave the ice surface and repair the boards. This is a supplemental grant, as the Legislative Grant approved this year for \$50,000 is not enough to complete the rink repairs needed.

Benefits if Project is Funded

Renovating the rink will provide a safe place for students and the community to learn and proactive an important outdoor activity in the winter state. The Physical Education Program here at Sand Lake will benefit from the ability to increase outdoor sporting education. The community will benefit from safe, local opportunities for activity.

Impacts if Project is not Funded

of Students impacted by project 712

Project Start Year 2012

Project Finish Year 2013

Project has matching funds are available **No**

Project has prior state funding available **No**

Project has federal funding available **No**

Project has had a public review proces **Yes**
