**Project Description**      **Principal's Priority**      3

Service High school currently has a 6 lane surfaced track with two more lanes that are made of unsurfaced pavement. The lanes vary in width and are in poor condition. This project will remove existing pavement surface and reinstall new pavement with synthetic surfacing that meet the required 400 m track requirements with standard markings.

**Benefits if Project is Funded**

An 8 lane track will enable us to hold sanction track and field meets at Service High School and will be great use during the normal school day by our physical education classes
