Has this project been through a public review process at the local level and is it a community priority? ☒ Yes ☐ No

Location **Central Middle School of Science**

Project Title: **Replace Exterior Doors System**

Amount of Funding Requested \$70,000.00

Total Funding to complete project \$70,000.00

Primary House District: 23 **Secondary House District(s):** 18, 25, 26

Primary Senate District: L **Secondary Senate District(s):** I, M

Project Description

Principal's Priority 1

Replace locks on exterior doors with crash bars that currently need two different size allen wrenches to lock. All exterior doors should be standardized to lock/unlock with one uniform key. This is a safety issue when it comes to emergency lock down procedure. As a downtown school we are often challenged with safety issues such as homeless community members trying to access our facility. The solution is to change the locks so they are uniform.

Benefits if Project is Funded

This improvement will improve and speed the safety of students and teachers in the event of a lock-down emergency. The impact if this is not completed is to delay the time of an emergency response, which could mean that people could be hurt in a crisis.

Impacts if Project is not Funded

of Students impacted by project 600

Project Start Year 2012

Project Finish Year 2013

Project has matching funds are available **No**

Project has prior state funding available **No**

Project has federal funding available **No**

Project has had a public review proces **Yes**
