# Port Lions - City Dock and Ferry Terminal Replacement

**State Funding Requested: \$7,000,000****House District: 36 / R**

One-Time Need

**Brief Project Description:**

Replace the current failing dock structure with a rubble mound couseway approach and a 210 foot sheet pile dock face.

**Funding Plan:**

Total Project Cost:	\$16,000,000
Funding Already Secured:	(\$9,000,000)
FY2013 State Funding Request:	<u>(\$7,000,000)</u>
Project Deficit:	\$0

*Funding Details:**2010 State of Alaska Legislative Appropriation**\$1,000,000.00**2011 state of Alaska Legislative Appropriation**\$9,000,000.00***Detailed Project Description and Justification:**

This project is on the fast track to construction. The replacement of our community deep water dock and the Port Lions ferry terminal has been a community priority for many years. Thanks to the Alaska State Legislature, and Governor Parnell, this project is well underway. The City Council of Port Lions and the Native Village of Port Lions have joined together to make this project a reality. Other partners in this project include Koniag, Inc, and Afognak Native Corporation.

Our joint effort has enabled us to team with Koniag, Inc. and thier subsidiary company, "Angayuk Construction Enterprises" or "ACE". Through ACE, we have entered into a Design Build Phase I contract. Partners in this process are Pacific Pile & Marine and PND Engineers. To date, we are just completing the 30% design, and have identified a design which will meet the communities needs. The Alaska Marine Highway has been included in this process from the beginning. As we have worked through getting to this milestone of a preliminary design, we have become aware of what this project will actually cost.

The Alaska Marine Highway needs a minimum of a 210 foot dock face in order for the Tustumena to tie up here. Our dock committee had been working to keep this project within the amount of \$9,000,000.00, but as the design process has unfolded and all users have weighed in on the preliminary design, it has become clear that more funds need to be secured in order to complete the project and make it work for everyone. The Tustumena has periodic maintenance periods and the only other elevator equipped ship that we have to provide service to this entire region is the Kennicott. This new dock will last longer than the remaining life of the Tustumena. (a 48 year old ship), and a Tustumena replacement has not yet been identified or designed. Therefore, design specs have been developed to accommodate the Kennicott, and can also be

phased according to funding availability.

It is important to note that the design includes a rubble mound approach to the dock face which will be made up of large armour rock, shot rock, and riprap rock. This rock will all come from the Shakmanof Rock Quarry site which Koniag, Inc is currently developing. This quarry is less than 10 miles away from our project site. The project will receive the rock at cost or less.

I have attached the current preliminary 30% design and Rough Order of Magnitude pricing. Also important to note is that we have identified that the rubble mound approach will be built over an existing reef in order to minimize the amount of fill needed to reach water deep enough for accommodating the Alaska Marine Highway vessel "Tustumena". The project is ready to enter into a Phase II contract, which will include a design to 100%, permitting, final costs, and some preliminary quarry material staging in Port Lions. We expect this effort to be completed by the early fall of 2012, with potential construction by Spring/Summer of 2013. The community is now asking the legislature to continue to invest in our vital port infrastructure project to bring it to completion.

This project will include provision of fuel delivery, utilities including water and electric, and demolition of the existing dock.

**Project Timeline:**

February 2012 to September 2012- Permitting/100% Design/ Final Costs

September 2012 to April 2013- purchase materials/stage rock/prepare site

Summer 2013 to Spring of 2014- Construction

**Entity Responsible for the Ongoing Operation and Maintenance of this Project:**

The City of Port Lions

## RESOLUTION # 12-1-R

### A RESOLUTION OF THE CITY OF PORT LIONS REVISING THE CAPITAL IMPROVEMENT PROJECT LIST FOR THE FISCAL YEAR 2012

WHEREAS, a Capital Improvement Project List has been prepared by the City of Port Lions for the fiscal year 2012, and

WHEREAS, at the Regular City Council meeting held October 13, 2011, the Port Lions City Council adopted a Capital Improvement Project List for FY 2012; and

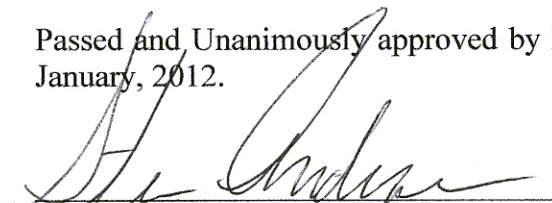

NOW THEREFORE BE IT RESOLVED that the document entitled "City of Port Lions Capital Improvement Program" for the year 2012 is hereby REVISED as follows:

	ORIGINAL	AMENDED
1. Public Ferry Dock Facility	\$ 2,000,000.00	\$3,500,000.00
2. Small Boat Harbor Stub Breakwater and Inner Harbor Replacement Project, Phase II	\$ 4,000,000.00	\$6,000,000.00
3. Water Reservoir Repair/Replacement	\$ 2,000,000.00	Remains the Same
4. City Maintenance Building Replacement	\$ 200,000.00	Remains the Same
5. Heavy Equipment	\$ 250,000.00	Remains the Same
6. Native Village of Port Lions Building	\$ 7,000,000.00	Remains the Same
7. New Subdivision Development	\$ 800,000.00	Remains the Same
8. Harbor Water Main	\$ 1,000,000.00	Remains the Same
9. Rock Screen and Conveyor	\$ 100,000.00	Remains the Same
10. Municipal Building Repair	\$ 75,000.00	Remains the Same
11. Roads Upgrade	\$ 1,200,000.00	Remains the Same

BE IT FURTHER RESOLVED that the Mayor is hereby instructed to advise the Governor, Legislature, Borough and appropriate State Agencies of the Capital Improvement Project List Adopted by the Port Lions City Council.

This Resolution becomes effective upon its adoption by a duly constituted quorum of the Port Lions City Council.

Passed and Unanimously approved by Motion # 5 of the Port Lions City Council this 12 day of January, 2012.

  
Mayor, City of Port Lions

  
ATTEST: Acting City Clerk

## **RESOLUTION # 11-11-R**

**A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF PORT LIONS, ALASKA  
FOR THE PURPOSE OF ENTERING INTO A DESIGN/ BUILD CONSTRUCTION  
CONTRACT WITH ANGAYUK CONSTRUCTION ENTERPRISES, A SUBSIDIARY OF  
KONIAG, INC.  
TO REPLACE THE PORT LIONS CITY DOCK AND FERRY TERMINAL**

**WHEREAS; the City of Port Lions has been awarded a Designated Legislative Grant totaling Nine Million Dollars from the Alaska State Legislature for the purpose of replacing the Port Lions City Dock and Ferry Terminal, and**

**WHEREAS; the timeline in replacing the City Dock and Ferry Terminal is of the essence due to the poor condition of the facility and the Port Lions City Council has a fiduciary responsibility to our community, and**

**WHEREAS; the City's partner in this project Koniag, Inc. is presently developing a Rock Quarry located approximately 10 miles away from the City Dock in Shakmanof Cove using their subsidiary construction company Angayuk Construction Enterprises., and**

**WHEREAS; Koniag, Inc. has donated the royalty value of the rock material needed for this project from a source located in Port Lions as well as from the Shakmanof Cove Rock Quarry, and**

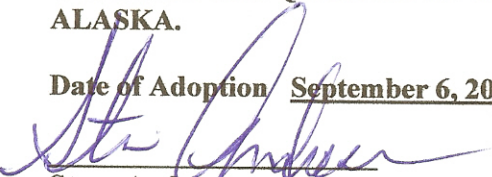

**WHEREAS; the Shakmanof Cove Site is project driven and the consistency of this material source is expected to be of a quality sufficient to meet US Army Corps of Engineers Specifications for rock material projects such as the Replacement of the City Dock, and**

**WHEREAS; the Partnership to develop these critically important projects between the City of Port Lions and Koniag, Inc. is vital to the greater Kodiak Area and to the Community of Port Lions and will create economic opportunities for Koniag Shareholders as well as for Local Hire in Port Lions.**

**NOW THEREFORE BE IT RESOLVED: that the Port Lions City Council intends to enter into a Design /Build Construction Contract with Angayuk Construction Enterprises, and it is expedient, financially responsible, and in the best interest of the community for the City of Port Lions to take advantage of this partnership and to strive to develop both projects jointly in order to save time and money.**

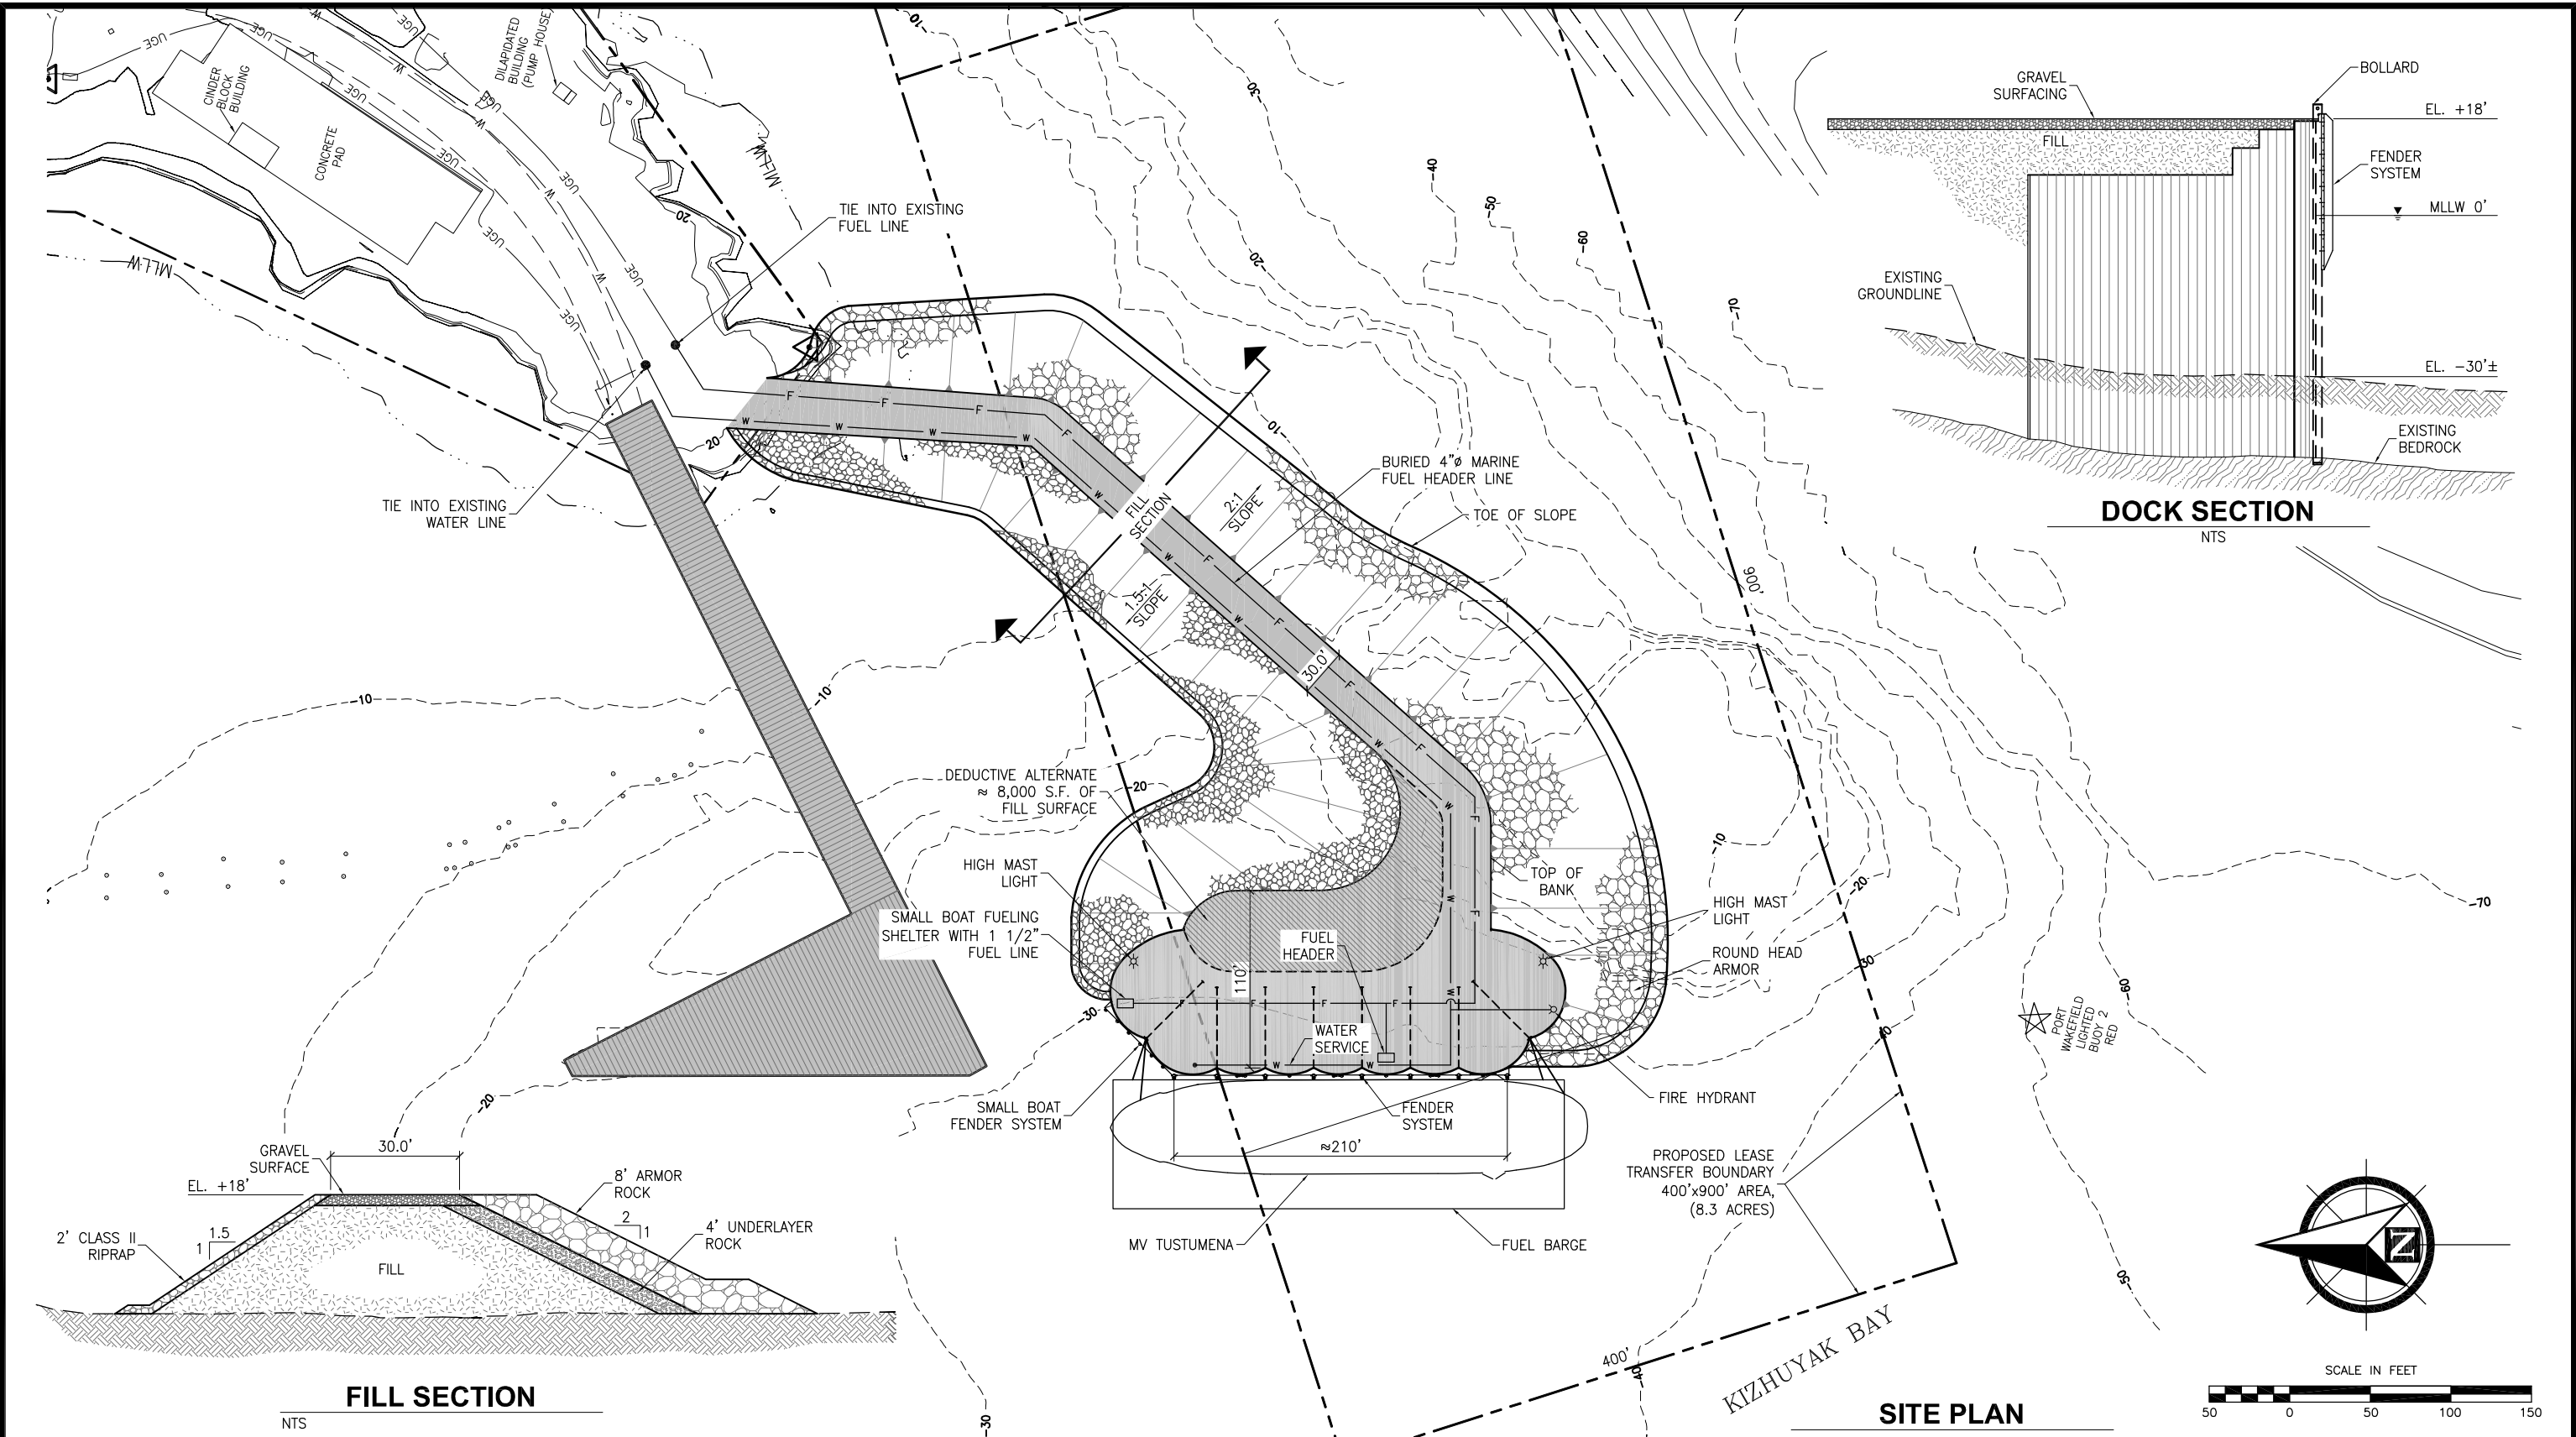

**THIS RESOLUTION BECOMES EFFECTIVE UPON THE ADOPTION BY A DULY CONSTITUTED QUORUM OF THE CITY COUNCIL OF THE CITY OF PORT LIONS, ALASKA.**

**Date of Adoption September 6, 2011**

  
**Steve Andresen  
Mayor, City of Port Lions**

  
**ATTEST: Kathryn Adkins, Acting City Clerk**

## **RESOLUTION # 12-02-R**

### **A RESOLUTION OF THE PORT LIONS CITY COUNCIL TO ENTER INTO A PHASE II DESIGN/ BUILD CONSTRUCTION CONTRACT WITH ANGAYUK CONSTRUCTION ENTERPRISES FOR THE PURPOSE OF REPLACING THE PORT LIONS CITY DOCK AND FERRY TERMINAL**

**WHEREAS;** the timeline in replacing the City Dock and Ferry Terminal is of the essence due to the poor condition of the facility and the Port Lions City Council has a fiduciary responsibility to our community, and

**WHEREAS;** the City of Port Lions entered into a Phase I Design Contract with Angayuk Construction for the purpose of reaching a 30% design for the Port Lions City Dock and Ferry Terminal, and

**WHEREAS;** the 30 % preliminary design phase will be completed by February 10, 2012, and

**WHEREAS;** the City of Port Lions intends to enter into a Phase II contract with Angayuk Construction Enterprise, Inc. for the purpose of 100% design completion, permitting, preliminary quarry material staging, and final cost estimate for Option 2, which includes a 210 Ft. docking face with Sheet Pile Construction.

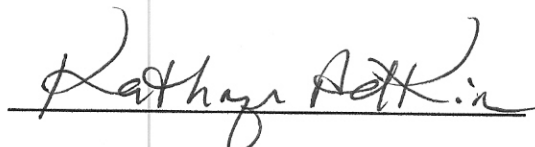

**NOW THEREFORE BE IT RESOLVED:** that the Port Lions City Council intends to enter into a Phase II Design /Build Contract with Angayuk Construction Enterprises, for the purposes stated above, and that it is also the City of Port Lions intent to enter into a Phase III final construction contract by early fall of 2012.

**THIS RESOLUTION BECOMES EFFECTIVE UPON THE ADOPTION BY A DULY CONSTITUTED QUORUM OF THE CITY COUNCIL OF THE CITY OF PORT LIONS,**

Adopted this 3rd Day of February, 2012

**Mayor, City of Port Lions**

**Attest, Acting City Clerk**
