There is currently not enough funding in the FY10 budget to fully fund the four positions in the office. With the faster pace of the project, due diligence contractual requirements have increased, meaning more travel. There may be increased need to represent the state's interest in Washington, D.C., as well as other locations. Competitive Benchmark Study - Competitive benchmarking will allow the state to better understand market and supply changes that have occurred since the AGIA finding that might affect the economic viability of the gasline. 395	1-Feb	1	Transportation	Central Region Support Services	Legal Costs Related to Nikishka Beach Road Case The Department of Transportation and Public Facilities (DOT&PF) contends that Offshore Systems Kenai (OSK) is illegally engaged in the obstruction, control and closure of public access to and through Nikishka Beach Road which is a public road owned and operated by DOT&PF. OSK has established a guard shack and gate to prevent access to the road and beach in response to U.S. Coast Guard requirements that they secure and protect OSK's facility from trespass, vandalism, theft, etc. The case began in late FY08 and a trial has taken place; however the Judge has still not issued a ruling on the trial. We have incurred \$45.5 in legal costs through December 2009. If a "Notice of Appeal" is not filed, the estimated amount needed for the Department of Law to complete post trial work is approximately \$15.0 for a total of \$60.5 in FY10.	0	60.5	-	-	-	60.5	-	-	-	-	-	-		
396	19-Mar	1	Transportation	Central Region Support Services	Central Region Support Services is requesting \$240.0 GF supplemental funding for additional costs related to the Environmental Protection Agency's (EPA) enforcement action against the Department of Transportation and Public Facilities. Sec 28(e), Ch 11 SLA 08 P105 L29 (SB256), as amended by Section 14(k) of Ch 14 SLA 09 P22 L14 (HB113), provided \$500.0 as a multi-year operating appropriation for defense costs related to EPA's allegations of multiple violations of the Clean Water Act. The unspent amount of \$173.9 carried into FY10. Projected expenses for FY10 are \$413.9, leaving a shortfall of approximately \$240.0 primarily for Department of Law expenses. The Department anticipates that negotiations will continue, however, it is unknown at this time when a settlement may be reached. If a settlement cannot be reached, pre-trial motions will be taken to move the case forward to trial which increase costs substantially. Additional funding will be needed if the case goes to trial. 3/19: GovAMD increase of \$240.0	1	240.0	-	-	-	240.0	240.0	-	-	-	-	240.0

	1-Feb	1	Transportation	Program Development	Road Weather Information System (RWIS) Maintenance Costs State funding will provide the resources to conduct critical maintenance work on the Department's Road Weather Information System (RWIS) program. The funding is necessary to maintain the RWIS software, equipment and a network of forty-nine (49) environmental sensor stations (ESS) strategically located along the highway system. Each ESS provides weather sensor data (temperature, wind speed, wind direction, relative humidity, pavement and sub-surface temperatures) and camera images. IX, sec. 17(b), Constitution of the State of Alaska, from the budget reserve fund to the general fund. The administration is proposing to repay in full the amount owed to the constitutional budget reserve fund in FY2010, and does not want to draw any amount from the fund. Current calculations indicate the above section is not necessary.	1
