Funding for New Residential Program in Lower Kuskokwim and Expanded Program in Nenana	16GovAmd+	Inc	736.1	0.0	0.0	0.0	0.0	0.0	736.1	0.0	0	0	0
<p><i>The statewide residential educational program was enacted through AS 14.16.200, State funding for districts operating statewide residential educational programs. The initial legislation, which was effective beginning in fiscal year 2007, allowed for up to three programs that had been established prior to January 1, 2005, to apply to the department for approval. The Galena City School District, Nenana City School District, and Lower Kuskokwim School District applied and were approved.</i></p> <p><i>Under this program, school districts are reimbursed a per pupil monthly stipend for a nine-month year; the stipend rate is set in statute. The program also provides for one round-trip ticket per student, at the least expensive means, between the student's community of residence and the school.</i></p> <p><i>Each program has a maximum capacity for reimbursement based on the district's approved application; actual reimbursement is based on an October student count. The current capacity under this program is: Galena 210, Lower Kuskokwim 35, and Nenana 88, Northwest Arctic 40, Chugach 24, Bering Strait 26 and Anchorage 4. The FY2015 appropriation of 6,960.3 funds these seven programs (6,774.4) and the Boarding Home Program (185.9).</i></p> <p><i>AS 14.16.200 was amended to: allow for residential schools rather than residential programs; remove the limit on the number of residential schools that may be approved by the department; and allow for district-wide residential schools as well as schools that are variable-length or 180-day school terms, but still operate for a full school year, to qualify.</i></p> <p><i>Prior to AS 14.16.200 being amended, the statutes allowed the department to approve up to three district-operated statewide residential education programs that began operating after January 1, 2005. From June 1, 2014, through July 30, 2014, the department held a period of open applications for approval to operate a statewide residential educational program.</i></p> <p><i>As a result of that period of open applications, the department anticipates approximately 50 additional statewide residential students.</i></p> <p><i>The additional 736.1 will fund the programs and provide them with the per pupil monthly stipend and one round-trip ticket per student, at the least expensive means, beginning in FY2016. Without this funding, these school districts may not have sufficient funding to run these residential schools.</i></p>

Restore Alaska Learning Network to Improve Student Achievement	16GovAmd+	IncM	850.0	0.0	0.0	850.0	0.0	0.0	0.0	0.0	0	0	0
<i>The Alaska Learning Network (AKLN) is a rigorous distance delivery model of education that equalizes opportunity for students around the state and offers students opportunities for credit recovery, dual credit with the University of Alaska (UA), and access to courses that qualify for the Alaska Performance Scholarship (APS). It is not simply a delivery of materials to be completed but a connection between an Alaskan highly qualified teacher and a school to provide pre and post assessments for students to assure proper placement in classes, online synchronous and/or asynchronous support and delivery of materials and instruction, and local support for a student with encouragement, learning assistance, and encouragement for timely completion.</i>													
<i>AKLN is a coalition of all 54 school districts and is managed by the University of Alaska, Southeast (UAS) and the AKLN Advisory Board. AKLN currently offers a variety of online opportunities through the UAS Online Blackboard system, the Ketchikan School District's Revilla Blended School, and the APEX Learning System, all with an equal variety of quality and rigor. All teachers are highly qualified in their content area. The AKLN model is a cost efficient method of providing classes in which districts who offer teachers to teach courses can trade seats rather than funding to provide additional course opportunities for students in their own district.</i>

<i>Currently the Alaska Learning Network (AKLN) provides high quality rigorous courses for students across the state and particularly in rural Alaska. The department works with the University of Alaska -- Southeast to administer this program.</i>													
<i>AKLN continues to develop courses for high school students statewide, responding to the needs of districts and specifically targeting courses that meet requirements for the Alaska Performance Scholarship.</i>													
<i>AKLN works with the University of Alaska Southeast Professional Education Center and Alaska Staff Development Network to provide learning opportunities for teachers that promote technology integration, digital literacy, and successful online pedagogy.</i>													
<i>AKLN is designed, in part, to ensure all students have access to high quality instruction regardless of location or school size; however, if these services were reduced through AKLN, the districts will still have access to such services through private vendors.</i>

<i>Workforce and Education-Related Statistics, or ANSWERS). The ANSWERS project is a four-agency partnership involving the Department of Education and Early Development, the University of Alaska, the Department of Labor and Workforce Development and the Alaska Commission on Postsecondary Education. This program is a high priority and does not require additional state funds.</i>													
			359.0										
1106 ASLC Rcpts (Other)			359.0										
2/17 AMD: Budget Structure Modification to Represent ACPE Costs Paid by Alaska Student Loan Corporation	16GovAmd+	Inc	13,802.0	10,049.4	117.7	3,526.7	108.2	0.0	0.0	0.0	0	0	0
<i>This structural modification is being sought to comply with AS 14.42.190, improve the accuracy of the state's Comprehensive Annual Financial Report (CAFR) and make the funding relationship between the Alaska Student Loan Corporation (ASLC) and the Alaska Commission on Postsecondary Education (ACPE) transparent.</i>													
<i>Prior to requesting this change, ACPE's Chief Finance Officer conferred with Department of Administration (DOA), Finance staff (State Accountant and others). DOA Finance staff discussed internally and responded that they agree ACPE's costs should be represented as part of the general government expenditures in the CAFR. Because of the current budget structure, general government expenditures are being understated by the amount of ACPE costs paid by ASLC. The means of rectifying the matter is to modify the budget structure to clearly show the funding relationship between ACPE and ASLC.</i>													
<i>This change will make the separate legal entities represented by ASLC and ACPE transparent to the public. ACPE pre-existed ASLC by sixteen years and has basic governmental responsibilities such as regulating postsecondary institutions in Alaska and administering state student financial aid programs. ASLC owns the loan portfolio that is generating receipts; therefore, ACPE is funded with interagency receipts. AS 14.42.190 states, "The operating budget of the corporation is subject to AS 37.07." ASLC is not currently reflected in the budget structure even though it pays ACPE for loan servicing activities and other program-related costs. ASLC's budget should reflect authority to spend its receipts for operating per AS 14.42.190.</i>													
<i>Without this change, the State of Alaska will continue to understate general government expenditures in the CAFR and will have no budget structure to reflect the separate legal status and funding relationship between ASLC and ACPE.</i>

Alaska Postsecondary Education Commission (continued)													
Program Administration & Operations (continued)													
2/17 AMD: Transfer Receipts from ACPE to New Alaska Student Loan Corporation Appropriation (continued)													
<i>This structural modification is being sought to comply with AS 14.42.190, improve the accuracy of the state's Comprehensive Annual Financial Report (CAFR) and make the funding relationship between the Alaska Student Loan Corporation (ASLC) and the Alaska Commission on Postsecondary Education (ACPE) transparent.</i>													
<i>Prior to requesting this change, ACPE's Chief Finance Officer conferred with Department of Administration (DOA), Finance staff (State Accountant and others). DOA Finance staff discussed internally and responded that they agree ACPE's costs should be represented as part of the general government expenditures in the CAFR. Because of the current budget structure, general government expenditures are being understated by the amount of ACPE costs paid by ASLC. The means of rectifying the matter is to modify the budget structure to clearly show the funding relationship between ACPE and ASLC.</i>													
<i>This change will make the separate legal entities represented by ASLC and ACPE transparent to the public. ACPE pre-existed ASLC by sixteen years and has basic governmental responsibilities such as regulating postsecondary institutions in Alaska and administering state student financial aid programs. ASLC owns the loan portfolio that is generating receipts; therefore, ACPE is funded with interagency receipts. AS 14.42.190 states, "The operating budget of the corporation is subject to AS 37.07." ASLC is not currently reflected in the budget structure even though it pays ACPE for loan servicing activities and other program-related costs. ASLC's budget should reflect authority to spend its receipts for operating per AS 14.42.190.</i>													
<i>Without this change, the State of Alaska will continue to understate general government expenditures in the CAFR and will have no budget structure to reflect the separate legal status and funding relationship between ASLC and ACPE.</i>
