## **INTENT LANGUAGE / WORDAGE**

---

### *Youth Facility Closure*

It is the intent of the legislature that the unallocated reduction to the Division of Juvenile Justice in the amount of \$1,693,900 result in the closure of one of the eight Division youth facilities and that the closure result in the least amount of negative impact to the surrounding community and the efficient delivery of Division services.

### *Medicaid Inflation Adjustments*

No money appropriated in this appropriation may be expended to pay for provider rate increases that are the result of an annual inflation adjustment. For purposes of this section, "annual inflation adjustment" means a revision required by regulation to an existing Medicaid payment rate that results in a new Medicaid payment rate that differs from the existing Medicaid payment rate by a percentage value or overall average net change value that is either listed in regulation or listed in the Consumer Price Index for all Urban Consumers, Global Insight's Healthcare Cost Review, or the Medicare Economic Index. Annual inflation adjustment does not include a revision required by regulation to a Medicaid payment rate that is the result of the rebasing of the Medicaid payment rate.
