FY2007 Host Adjutant General Association of the United States (AGAUS) Conference in June 2007	IncOTI	122.5	10.0	0.0	92.5	20.0	0.0	0.0	0.0	0	0	0
This increment will provide funding for hosting the Adjutant General Association of the United States Conference in Anchorage during June 2007. The event will provide national exposure of Alaska as well as provide an economic stimulus to the Anchorage business area. Alaska's military strategic importance will be demonstrated through exhibits and conference topics. Additionally, enhanced federal funding opportunities for Alaska National Guardsmen may be made available through partnerships with other states within this organization while networking at this event. This increment promotes the End Result of strengthening the AK National Guard and indirectly relates to the retention strategy as well as providing an economic boost to the Anchorage area due to the increased tourism resulting from 500 to 700 participants and their guests. Registration of \$175 will be collected for approximately 700 attendees. Attendees will be responsible for all lodging and airfare transportation costs.

A strategic plan of engagement is needed for potential attempts to close, shrink, or realign Alaska's military installations through the federal Base Realignment and Closure Act (BRAC). Anticipated federal budget cuts are going to come against the Department of Defense in a higher proportion than other departments. Alaska's strategic plan is part of a multi-year effort to identify the strengths and weaknesses associated with the United States military as an economic industry, assess potential impacts of BRAC on Alaskan communities, fight any erosion of the military in the state, and illustrate the strategic importance of expansion of Pacific Theater installations for the overall defense of our nation. The Department of Military and Veterans Affairs is currently working to determine where Alaska fits with other states and identify how the state's installations would be evaluated according to the likely BRAC criteria.

FY2018 Expand Alaska State Defense Force for Rural Engagement	Inc	210.9	0.0	43.3	93.1	74.5	0.0	0.0	0.0	0	0	0
In order to increase rural community emergency capacity and resiliency, meet Alaska's needs in a changing Arctic and engage remote communities utilizing a voluntary military force, we seek to expand the rural presence of the Alaska State Defense Force. Since National Guard force structure is dictated by federal authorities, a request for increased troop strength will require considerable lead time. In the meantime, we plan to develop a cadre of rural leaders to help grow engagement off the road system and bridge the gap to National Guard expansion, by increasing the role of the Alaska State Defense Force (ASDF). The goal for the ASDF over the next three to five years is to expand to a battalion comprised of an 81-member headquarters in Bethel and three 77-person companies, each composed of four- to five-person Scout teams from across Western Alaska, but initially concentrated in the Yukon-Kuskokwim Delta region. Requested funding will be used to form and equip an initial force composed of the headquarters team and one company of Scouts. State funding is necessary because federal regulations prohibit using federal funding for the ASDF. Initial missions or capabilities planned for these units include: domain awareness, incident response support, damage assessment, movement and replenishment, medical station support, community disaster pre-mitigation support, and communications operations.												

New regulations have been developed that will enhance ASDF members readiness and resiliency. Required

Department of Defense Investment in Alaska												
Add one full-time Special Assistant to the Commissioner (PCN: 09-#011) in the Office of the Commissioner. This position is part of a coherent engagement strategy with Department of Defense (DOD) and other key stakeholders (federal military senior officials, Congressional Delegation (CODEL), local base retention groups, and members of the public) to preserve, protect, and potentially grow (DOD) investment in the State of Alaska.												
Other states within the United States possess an average of two full-time positions to address base retention issues. Alaska has none.												
A new Base Realignment and Closure (BRAC) authorization is currently being considered by the United States Congress for execution in federal fiscal year 2021 and ongoing budgetary effects are driven by the Budget Control Act of 2011. A Special Assistant in the Office of the Commissioner will improve situational awareness of important developments pertaining to these situations and can assist the department in proactive responses.												
A study by the State of Alaska Department of Labor estimates 60% of all federal dollars spent in the State of Alaska are devoted to defense spending.

FY2007 Continuity of Operations and Continuity of Government (COOP/COG) Exercise	Inc	300.0	0.0	70.0	195.0	35.0	0.0	0.0	0.0	0	0	0
This increment is in direct support of a statewide preparedness initiative to develop a comprehensive continuity of operations plan (COOP) and provide written structure for continuity of government (COG) based on a catastrophic event.												
During FY2005, departmental representatives were trained in the fundamental principals of the COOP and COG planning and tasked during FY2006 to prepare a Department level plan for inclusion into a statewide plan. The departmental plans will include requirements covering operational controls from the everyday essential functions to what would be needed as a direct result of a catastrophic event, either natural or manmade. The main objective for FY2007 is to prepare a comprehensive plan for continuous governmental operations.												
This initiative is directly linked to the Division's Mission and Measures end result of; "Ensure Alaska is prepared to rapidly respond to and recover from a natural disaster or terrorism event." This increase will allow the division to increase its goal of jurisdictions conducting a formal emergency planning process and an annual exercise by 5, bringing the annual total to 15 jurisdictions being better prepared in case of a catastrophic event.

The State Emergency Response Commission (SERC) is established in AS 26.23.071 and required under Title 42 United States Code 11001-11005. The SERC provides for facilitation and implementation of all emergency plans prepared by State agencies, local jurisdictions and regional plans. The SERC also supervises and coordinates activities of Local Emergency Planning Committees; reviews reports about disaster emergencies and makes recommendations to appropriate parties involved in response concerning improvements; and coordinates advisory, or planning tasks related to emergency preparedness.												
The cost to hold quarterly SERC meetings, provide staff support, legal counsel, and produce work has been an average of \$120,200 in Oil and Hazardous Substance Release Response Funds interagency receipts annually. This funding in FY2006 was reduced to \$32,500 as the interagency receipts are unrealizable. In FY2007, the \$32,500 has been eliminated. The SERC is critical to the State's level of emergency preparedness; therefore, general funds and federal Homeland Security CIP receipts fund change is requested to restore this program to the FY2005 \$120,200 funding level. Without this funding, the SERC would be unable to insure that both state agencies and local governments are prepared to react quickly and appropriately during a disaster.

<b>National Guard Military Headquarters</b>												
FY2006 AMD: National Guard Disallowance	Inc	594.7	0.0	0.0	594.7	0.0	0.0	0.0	0.0	0	0	0
National Guard Bureau Army and Air Guard Cooperative Agreements do not allow indirect costs in accordance with National Guard Regulation 5-1/Air National Guard Instruction 63-101. The department established direct cost allocation methodologies in order to bill these agreements for their proportionate share of direct administrative costs beginning in 1994, thereby avoiding a significant 100% general fund contribution for the administrative support of these programs. Based on the recent audit of our cost allocation practices, by the Defense Contract and Audit Agency, National Guard Bureau will no longer allow the department to allocate administrative costs which they consider to be indirect costs. DCAA Audit Report No. 4261-2004K17900002, dated December 3, 2004.												
This disallowance is effective beginning with federal fiscal year 2005. A corrective action plan changing the cost accounting structure and reorganizing workload is being implemented in order to minimize this new general fund requirement. Corrections during the current fiscal year will result in a reduction of the estimated annual disallowance amount of \$937,237, as reported in the audit, to \$594,700. The FY2005 portion of federal fiscal year 2005 is three quarters of the year which equals a general fund shortfall of \$446,000. The FY2006 request portion is a full year which equals a general fund shortfall of \$594,700.												
Immediate compliance in FY2005 will avoid potential audit disallowances dating back to FFY01. The estimated potential liability for the prior federal fiscal years is as follows: FY01 \$725,216; FFY02 \$763,385; FFY03 \$803,564; FFY04 \$890,375. The National Guard Bureau, United States Property and Fiscal Officer of Alaska has stated that compliance in federal fiscal year 2005 will be sufficient to avoid any future prior federal fiscal year audit disallowances associated with these audit recommendations.

FY2007 Family Assistance Center Grant Increment	Inc	58.6	0.0	0.0	0.0	0.0	0.0	58.6	0.0	0	0	0
An additional \$58,600 in grant authorization will bring this program to a total of \$150,000 annually for 5 family assistance centers. This was a new grant program in the FY2006 budget. Currently over 500 Alaska guardsmen are deployed throughout the world theatre. An additional 500 are expected to be deployed through FY2007 resulting in a 100% increase in deployments. These funds will be used to provide direct assistance to immediate Alaskan family members. This funding increase promotes the End Result of strengthening the Alaska National Guard and relates directly to the recruitment and retention strategy by assisting National Guard families. This will increase direct assistance funding by 64% to families.

FY2013 AMD: Bethel Armory Operations												
This request is to provide operating funds for the new Bethel Armory. Operating expenses at the Armory began December 2011. It was expected that operating costs for the new Bethel Armory would be covered by decommissioning the old Bethel Armory; however, the date the building will be removed from DMVA inventory is yet to be determined. General funds will cover operating costs until deployed troops return October 2012 and final closeout and acceptance of the new Bethel Armory by the federal government. At that time, the funding split will be 50% federal funds and 50% general fund match. Federal funding splits are determined based on use and

FY2014 State Match Requirement Change at Valdez and Sitka Armories	FndChg	0.0	0.0	0.0	0.0	0.0	0.0	0.0	0.0	0	0	0
The federal to state funding ratios for armory operations in Valdez and Sitka have changed due to federal regulations regarding funding and armory use.												
The match ratio depends on the type of work being done and the military status of the facility. The Valdez and Sitka facilities changed from 75/25 federal to state ratio to a 50/50 ratio. This is because of the change in military status of the buildings from a federal Scout Readiness Center to a State Armory. This change of status was driven by the transformation of the Alaska Army National Guard from the Scout mission to a Battlefield Surveillance Brigade. This change of status reduces the federal support to state owned armories. Fifty percent state support is the normal amount of support provided to armories across the nation.

<b>Army Guard Facilities Maintenance (continued)</b>												
FY2016 AMD: Reduce the Level of State Contributions for National Guard Facilities as facilities are Repurposed or Reactivated	Dec	-350.0	0.0	0.0	-350.0	0.0	0.0	0.0	0.0	0	0	0
<p>The Department of Military and Veterans' Affairs (DMVA) anticipates an increase in the federal contribution for maintenance on certain facilities. The National Guard Bureau and the Army Guard Facilities Maintenance division are in the process of identifying buildings that are candidates for repurposing. In order to prepare these facilities, they must be brought back to active status. This will result in a shift from 100% GF funding to a federal/state split.</p> <p>This process may take several years. This transition period will provide the Walker administration the opportunity to analyze future plans for a reinvigoration of the Rural Guard. If the facilities currently being considered for repurposing are instead reactivated by the stationing of troops in those communities, the state would see a similar shift in cost-sharing with the federal National Guard Bureau. While both scenarios will increase the federal funds into DMVA, the department currently anticipates having sufficient federal authority to accept these funds.</p>

FY2007 Fuel and Utility Increases	Suppl	300.0	0.0	0.0	300.0	0.0	0.0	0.0	0.0	0	0	0
The significant increase in fuel prices is causing difficulties in the department maintaining the current level of service to Air National Guard facilities. This will result in accelerated deterioration of the facilities. This requested increase will assist the department in maintaining existing National Guard infrastructure assets in FY2006. If not funded, the department will close some buildings on the bases in order to adequately fund higher mission essential structures.												
The Air National Guard Branch of the National Guard Bureau is allocating an additional \$300,000 in FY2006 for increased fuel costs. We have a 25% match requirement.												
This increment will maintain status quo operations on existing infrastructure and is directly related to the Department's End Result of Strengthening the AK National Guard's infrastructure, preparedness and response capabilities for the protection of Alaska's citizens. Fewer operational facilities will weaken the overall departmental mission of providing mission capable military forces.

FY2019 Federal Authority and GF Match Associated with C-17 Acquisition (continued)												
from the active duty Air Force to the AKANG in May 2017. (Note: While the newly gained aircraft remain federal property, they will be maintained and operated by the AKANG). Furthermore, as part of this mission transfer, the State of Alaska accepted responsibility for Facilities Operations/Maintenance for three buildings supporting C-17 operations.												
Air Guard Facilities Management previously maintained approximately 480,000 square feet and has gained an additional 206,000 square feet to support the C-17 flying mission. This additional 206,000 square feet will remain federal property, but will be used by the AKANG for the purpose of this mission; as such, the AKNG will be responsible for routine maintenance and repair actions which is unsupportable without additional personnel. The department will not be responsible for larger-scale recapitalization projects in these facilities. Hangar 21 is the largest portion of this square footage, the complexity of which requires a robust preventive maintenance program by skilled personnel to provide a safe, healthy workplace for Alaska Air National Guard members and DMVA employees. There is a high demand for the C-17 airframe and the Alaska Air National Guard's obligation to the state and federal government to provide airlift capability would be impacted if the facility maintenance were neglected. Additionally, failure to properly maintain any facility in Alaska's harsh environment may lead to catastrophic systems damage, driving significant repair and replacement costs.												
Five full-time positions were created in Air Guard Facilities Maintenance to operate and maintain facilities gained to support the new aircraft. These positions are supported by federal funds (75%) and general funds match (25%) and are needed to meet federal requirements. The five new personnel positions associated with this request were included in Air Guard's FY2018 Management Plan personal services module.

FY2007 I/A Receipts from DEED Formula Based on 10/05 Enrollment Increase	Inc	38.8	38.8	0.0	0.0	0.0	0.0	0.0	0.0	0	0	0
This fund source change will return a portion of the GF used for the initial first year start-up funding of the AMYA enrollment expansion (third male platoon). This amount is being replaced with Department of Education and Early Development formula funding based on the expanded enrollment effort implemented in the FY2006 budget year. AMYA has accomplished 33% of the new platoon's planned enrollment with the first class in FY2006. This is aligned with the Department's End Result of expanding educational and career opportunities for Alaska's youth. A 10% growth in FY2007 over FY2006 measures is expected due to the retention of these funds until replacement through DEED formula funds can be accomplished.

FY2007 Public School Formula Funding Increase CH6, FSSLA2005	Inc	479.7	100.0	0.0	379.7	0.0	0.0	0.0	0.0	0	0	0
Implementation of Chapter 6, FSSLA2005, Public School Formula Funding, An Act Increasing the Base Student Allocation for State Funding of Public Education, increased interagency receipt earnings for the Alaska Military Youth Academy (AMYA) component in FY2006. This funding is for the Alaska ChalleNGe Program, authorized under AS 14.30.740. Funding is passed from the Department of Education and Early Development as interagency receipts to this component. This transaction records the additional receipt authority to AMYA's FY2006 base level funding. FY2006 formula funding was calculated on student enrollment data as of 10/1/2004. This change record will continue to advance the expansion of educational and career opportunities for Alaska's youth.

FY2008 Public School Formula Funding Increase Ch. 6, FSSLA05 (HB 1) for the ChalleNGe Program												
Implementation of Chapter 6, FSSLA2006, Public School Formula Funding, An Act Increasing the Base Student Allocation for State Funding of Public Education, increased interagency receipt earnings for the Alaska Military Youth Academy (AMYA) component in FY2008. This funding is for the Alaska ChalleNGe Program, authorized under AS 14.30.740. Funding is passed from the Department of Education and Early Development as interagency receipts to this component. This transaction records the additional receipt authority to AMYA's FY2007 base level funding. FY2008 formula funding was calculated on student enrollment data as of 10/1/2006. This change record will continue to advance the expansion of educational and career opportunities for Alaska's youth.

FY2008 Move surplus operating funds to the capital budget for deferred Maintenance, Renewal & Replacement Projects												
The transaction reduces the Public School Formula Funding earnings of the ChalleNGe program within the operating budget by \$1 million. In conjunction with this reduction, a FY2008 capital appropriation request for \$1 million in Public School formula funding, received from Department of Education and Early Development Interagency Receipts, is being submitted for the "AMYA Deferred Maintenance, Renewal and Replacement Project". These funds are needed in the capital budget to fund backlogged deferred maintenance and repair projects as well as renewal and replacement projects due to the increased ChalleNGe program enrollment.

FY2013 Decrement Unrealizable Federal Funds	Dec	-95.8	-80.8	0.0	-15.0	0.0	0.0	0.0	0.0	0	0	0
The U.S. Department of Veterans' Affairs (VA) no longer distributes federal funding to administer the State Approving Agency (SAA) grant for Veterans' Educational Programs (GI Bill). This change record is for the decrement in Federal Receipts that are being lost from the State Educational Approving Officer Contract Receipts budgeted in Office of Veterans' Services.												
1002 Fed Rcpts (Fed)		-95.8										
FY2013 State Approving Agency Program continuation	Inc	95.8	95.8	0.0	0.0	0.0	0.0	0.0	0.0	0	0	0
The US Department of Veterans' Affairs (VA) no longer distributes federal funding to administer the State Approving Agency (SAA) grant for Veterans' Educational Programs (GI Bill). This request is for General Fund Receipts to replace federal State Educational Approving Officer Contract Receipts budgeted in the Office of Veterans Services. This will allow the State of Alaska to continue providing critical education support to Alaska veterans and their families during major changes to the GI Bill program and also continue the goal of assisting all veterans to receive earned federal benefits.

Funding is requested for site visits to remote locations across the state. This allows Alaska's veterans to receive services close to their homes and increases the number of veterans who are registered and receiving benefits from the U.S. Department of Veterans Affairs (VA).												
Veteran Service Officers, Veteran Services Liaisons, Counselors from the National Guard Family Programs, Transition Assistance Advisors, and staff will participate in site visits to community hospitals, veteran organization events, town hall meetings and other appropriate venues. The goal is to register every veteran in Alaska with the VA.												
The direct return to Alaska's veterans in FY2012 was \$53.2 million in one-time, past-due federal payments; \$214 million in disability compensation and pension payments; \$153 million in medical services; and over \$49 million in educational payments. Increasing the number of veterans registered in the VA medical program also promotes federal investment in needed medical services, personnel, and infrastructure in the state.

Actuarial increase, as approved by the Alaska Retirement Management Board (ARM), for retirement benefits for the Alaska National Guard. <note by Kelly Cunningham on 12/23/2008 10:15:50 AM> The contribution amount is set by the ARM board each year (see Resolution 2007-36 for FY09 amount). The FY09 contribution was set at \$2,473,282 (\$1,722.5 Direct Approp. for "Past Service" and \$750.8 "Normal Costs" in their operating budget). The State contributed approx. \$10 million towards the unfunded liability as an FY08 supplemental (which should have brought it close to 0) in addition to the FY09 direct appropriation to retirement & benefits of \$1.7 million. In FY10, the direct appropriation to retirement and benefits will remain at \$1.7 million (keep in mind fund losses incurred this year). The ARM board resolution directs the department to increase contributions by \$130,000 to recoup administrative costs incurred by DOA (1/2 of the 2 year average of system administrative costs). This "formula" was set by the ARM board as well.

FY2016 Operations and Sustainment Federal Funding	Inc	3,005.0	0.0	0.0	3,005.0	0.0	0.0	0.0	0.0	0	0	0
The Pacific Spaceport Complex -- Alaska (formerly the Kodiak Launch Complex) is one of two of the nation's only private space launch facilities with a Federal Aviation Administration (FAA) license. The Department of Defense's federal funding plan currently includes language that appropriates federal dollars for operation and sustainment activities at these two complexes. Funding received in Alaska will allow the state to continue its critical support of the national security space program and increase its competitiveness in the launch industry.
